About Me

Working as a Web Developer with 5+ years of experience in front-end and back-end development, specializing in WordPress and Laravel PHP. Skilled in HTML, CSS, JavaScript, JQuery, PHP frameworks, MySQL, and Git, with a strong ability to debug and solve complex technical issues. Experienced in managing complete development lifecycles and delivering high-quality projects on time through effective collaboration and continuous improvement.

Experience

Web Developer

Crystal Infosys pvt ltd

2018 JAN – 2024 JAN

Laravel

- Developed a multilingual backend for web applications to support diverse user bases.
- Implemented Laravel Blogs, ensuring seamless content management and user engagement.
- Integrated Ecommerce functionalities, including payment gateways, order management, and inventory tracking systems.
- Built robust APIs for seamless communication between different systems and platforms.
- Designed and implemented an Online Exam Module, enabling automated question management, scoring, and performance analytics.

WordPress

- Created custom WordPress themes from scratch, integrating advanced page builders such as Elementor, Cwicly, and Gutenberg for flexible design customization.
- Developed custom plugins for WordPress, including a WooCommerce plugin extension tailored to specific client requirements.
- Collaborated with UI/UX designers to create visually appealing and user-friendly web interfaces.
- Led large-scale, complex design projects for corporate clients, ensuring high performance and security standards.
- Conducted thorough Quality Assurance Testing, identifying and resolving bugs, optimizing usability, and ensuring compatibility across devices and browsers.

Web Developer

Crystal Infosys pvt ltd

Joomla & Gambio

- Customized content management systems for clients requiring scalable and secure platforms.
- Specialized e-commerce requirements, integrating unique design and functionality features.
